PROFILE

As a committed political scientist, I possess a deep interest in comprehending the nuanced workings of governance, international relations, and societal frameworks. Backed by a strong academic foundation and hands-on experience, I am dedicated to unraveling the intricacies of political systems. My focus on policy analysis and strategic decision-making has equipped me with the essential skills to contribute significantly to the field. This introduction underscores my eagerness to apply my expertise in addressing current challenges and fostering positive change within political landscapes.

WORK EXPERIENCE

Working as a Fellow

Impact and Policy Research Institute

Jan 2024-March 2024

Currently serving as a Fellow for the Young Women Leaders in Public Policy Fellowship (YWLPPF), I actively contribute to empowering the next generation of female leaders in public policy. In this role, I immerse myself in policy research, strategic planning, and advocacy. Collaborating with a diverse cohort, I foster an environment of knowledge exchange and skill development. Engaging in impactful projects, I hone my abilities in data analysis, policy formulation, and effective communication. This fellowship continues to enhance my leadership skills and deepen my understanding of public policy, positioning me as a dedicated advocate for gender-inclusive policies and societal transformation.

Data Analyst

Trinity

Jan 2024- March 2024

As a Data Analyst at Trinity, I honed my analytical skills using Excel, Python, SQL, and data analytics. I contributed to impactful insights for informed decision-making by interpreting complex datasets, streamlining data retrieval, and mastering statistical modeling. Proficient in diverse datasets, I bring a strong foundation in data analytics and problem-solving to analytical roles.
